

Lead Agile Business/Systems Analyst (Contract)

Overview:

Mosaic Island, a leading digital business transformation consultancy, are working with numerous customers in the Telecoms, Media and Government sectors.

We are currently working on one particularly exciting and high-profile programme of work which aims to deliver business transformation in a number of areas of our customer's business.

Requirement:

The Lead Business / Systems Analyst will work with a variety of internal stakeholders to capture and prioritise requirements and document complex business and data rules. There is a need to understand the system requirements, expand on business process work and capture and detail non functional requirements across the stakeholders and system.

The Analyst will be working as part of an agile team so will need real experience of working within an agile development environment and experience of covering a range of the delivery phases – discovery, alpha, beta, live. Experience of User Research desirable.

Desirable/Essential Skills & Experiences:

- Extensive and demonstrable experience of business and systems analysis including : identification of business benefits, requirements capture and prioritisation
- Comprehensive understanding of the principles of the application development lifecycle and experience of their application.
- Experience of delivering using Agile techniques and principles.
- Excellent verbal communication skills - need to demonstrate the ability to communicate effectively with both non-technical and technical staff to precisely define requirements.
- Excellent written communication skills. Written work must be clear and precise, logically presented and conform to standards where applicable.

This role is an immediate requirement and rates will be highly competitive along with opportunity to work on an exciting consultancy engagement.

Mosaic Island is an equal opportunity employer and is determined to ensure that no applicant or Employee receives less favourable treatment on the grounds of gender, age, disability, religion, belief, sexual orientation, marital status, or race, or is disadvantaged by conditions or requirements, which cannot be shown to be justifiable.
